AGREEMENT

WHEREAS, Assignor(s) are inventor(s) of an invention entitled "Interactive Entertainment System for Presenting Supplemental Interactive Content Together with Continuous Video Programs," as described and claimed in the specification forming part of an application for United States letters patent executed herewith;

1 WHEREAS, Microsoft, a corporation of the State of Washington having a
2 place of business at One Microsoft Way, Redmond, WA 98052, is desirous of
3 acquiring the entire right, title and interest in and to the invention and in and to any
4 letters patent that may be granted therefor in the United States and in any and all
5 foreign countries;

6 NOW, THEREFORE, in exchange for good and valuable consideration, the
7 receipt of which is hereby acknowledged, Assignor(s) hereby sell, assign and
8 transfer unto Microsoft, the entire right, title and interest in and to said invention,
9 said application and any and all letters patent which may be granted for said
10 invention in the United States of America and its territorial possessions and in any
11 and all foreign countries, and in any and all divisions, reissues and continuations
12 thereof, including the right to file foreign applications directly in the name of
13 Microsoft and to claim priority rights deriving from said United States application
14 to which said foreign applications are entitled by virtue of international
15 convention, treaty or otherwise, said invention, application and all letters patent on
16 said invention to be held and enjoyed by Microsoft and its successors and assigns
17 for their use and benefit and of their successors and assigns as fully and entirely as
18 the same would have been held and enjoyed by Assignor(s) had this assignment,
19 transfer and sale not been made. Assignor(s) hereby authorize and request the
20 Commissioner of Patents and Trademarks to issue all letters patent on said
21 invention to Microsoft. Assignor(s) agree to execute all instruments and
22 documents required for the making and prosecution of applications for United
23 States and foreign letters patent on said invention, for litigation regarding said
24 letters patent, or for the purpose of protecting title to said invention or letters
25 patent therefor.
